

Clinton Township School District Statement about the Upcoming Meeting

Since April 2014, the Clinton Township School District has been examining school reorganization. In studying this issue, we appointed a subcommittee that conducted four years of research, examined an enormous amount of data, and held numerous public hearings. We understand that there are questions among the residents of Clinton Township about a district reorganization, and we want to assure the residents that when the Board makes a final decision, it will be guided by the principles of: 1) providing the highest quality education to Clinton Township children; and 2) making fiscally responsible decisions.

Prior to the meeting, we are providing resources for your review, including a comprehensive [question-and-answer document](#), including the final recommendation of the superintendent. The ad-hoc Feasibility Committees believes that, after careful study, an organizational plan that will best educate our children and also serve our taxpayers is being proposed. We look forward to providing more details to the public at the Special Board meeting, on **Thursday, May 31st, in the Clinton Township Middle School, beginning at 7:30 p.m.**
